

# Camrose Ski Club

## 2021-2022 Year in Review

The 21-22 season was an absolutely incredible demonstration of resilience and determination by the entire club and all its members. We all have felt a great loss and struggled in our own ways. In the wake of losing our teammate and dear friend Ole, we have come together as a community to support our own. Our thoughts are with the Heie family.

Again the ski club was able to host our annual labour day weekend camp in September. Pulling on our local and familial connections, the athletes enjoyed yoga, ski technique sessions, shooting competitions and capped the camp off with a fun trail race. With the late snow at home, the junior racers and biathletes migrated south earlier this year to have an on-snow camp in Canmore and Lake Louise. Which luckily included fair conditions and a dusting of snow to get the team excited.

Biathlon - our athletes did an tremendous job while on tour with the Calforex Cup. In spite of being one of the longest scheduled seasons, our athletes were able to dig deep to start in late November and finish in late February. To cap off the season, the Camrose ski club attended the Canadian National Championships in Prince George, BC. It was a fantastic experience for all the athletes, and resulted in 2 more medals for this dedicated team. Congrats Dawson and Allyson.

Cross Country - in defiance of the season our junior racers didn't waste any time showing everyone what they've got. The Camrose Ski Club was able to attend every race of the series and I am proud to report many personal bests, podiums, placings and overall rankings. Our athletes fought hard at all the ski races and their hard work paid off in placing second club overall under 500. A fantastic result for the club and season.

Races - we were so fortunate to be able to host two Calforex cups, and the Ole Uffda Loppet this year. A true testament to our dedicated team of volunteers working behind the scenes to organize and host these events.

Without our amazing community of volunteers and dedicated team, our club would not be able to achieve all of these successes. It truly takes a village, and you can see the result in these athletes and experiences. A big thank you goes to all of you.
