

The Camrose Ski Club had a great year for events with enough snow and good weather to be able to host both the Ole Uffda Loppet as well as the Calforex Biathlon.

In the fall, we hosted a kickoff meet and greet on the same day as the equipment buy and sell and the rental pick-up which gave members an opportunity to visit, reconnect, and build community with one another. We were delighted to see people visiting at the picnic tables as kids rolled down the hill and played at the playground.

The Ole Uffda Loppet had about 100 registrants. While the snow was a bit icy in parts, we heard great reports from the participants.

We finally hosted a Calforex after having to cancel past years due to weather. The rescheduled date still brought over 100+ participants each day. With a slight weather delay, the event went smoothly and personally, it was a blast to learn more about biathlon!

We are so grateful for all of the volunteers who helped pull off both events! We loved seeing the community come together and welcome skiers from other cities access to our wonderful trails!

We look forward to building our ski community through events this year near.
